DELIKA[®] ACTIVE MICELLAR WATER
Toning Hydrating Anti-Aging Cleanser

1. **Indications:** this anti-aging formula cleanses, tones and soothes for hydrated, toned, elastic, compact and luminous skin. Removes traces of make-up and impurities for a pleasant, fresh sensation. Specifically formulated for delicate and sensitive skin, also ideal for combination skin and open pores.
2. **DELIKA[®]** contains Fospidina, a complex of phospholipids extracted from soy and glucosamine. Their synergistic produces a regenerating action on cutaneous tissue since glucosamine, a precursor of hyaluronic acid, is carried by the phospholipids through to the dermis where it can act effectively.

Functional active ingredients:

- **Phospholipids and Glucosamine:** improve superficial and deep hydration of the epidermis for an anti-aging action.
 - **Inulin and Gluco-oligosaccharides:** natural prebiotics with an effective protective mechanism that help maintain the equilibrium of the cutaneous microbiome, encouraging the growth of beneficial microorganisms to counter their pathogenic counterparts. A healthy cutaneous microbiome ensures that the skin can function as a primary barrier.
 - **Distilled water of Cornflower:** hydrating and refreshing action.
3. **Product name:** DELIKA[®] Micellar Water
 4. **Ingredients:** AQUA, DISODIUM LAURETH-7 CITRATE, GLYCERIN, CENTAUREA CYANUS FLOWER WATER, LECITHIN, GLUCOSAMINE SULFATE, TOCOPHERYL ACETATE, ALPHA-GLUCAN OLIGOSACCHARIDE, INULIN, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, DISODIUM EDTA, POLOXAMER 184
 5. **Cosmetic form:** micellar water
 6. **Capacity:** 200ml flacon / 100ml flacon - travel size
 7. **How to use:** apply morning and evening to face, eyes, lips, neck and décolleté with a cotton pad. Rinsing optional. Also ideal for use before or after MILIS[®] Cleansing Milk.
 8. **Warnings:** DELIKA[®] micellar water has been dermatologically tested on sensitive skin. Use not recommended in case of allergy to any of the components.
 9. **PaO (Period after Opening):** 12 months
 10. **Storage:** the product should be stored at normal ambient conditions (in a dry place and at room temperature). Content of Fospidina complex may cause natural yellow discolouration of the product.
 11. **Business name and address:** SKINIUS s.r.l. Via Durini, 14 – 20122 MILANO
