PLUSOL® BODY SUN SPRAY SPF 30
Ensure intense tan Prevents photoaging

- 1. Indications:** the innovative UVA/UVB filter system protects from harmful radiation while ensuring a rapid, intense and natural tan. The Plusolina complex, made from rice bran oil, karanja oil, cottonseed oil and vitamin E, helps to prevent premature photo-induced aging and keep skin soft, supple and radiant. The spray is designed for the body but can also be used on the hair and scalp. Also suitable for sensitive skin. Dry, non-greasy texture that absorbs rapidly to create an invisible protective film. Resistant to water, sweat and rubbing, ideal for outdoor sports. The handy spray provides fast and easy application with a continuous flow even when upside down.
- 2. PLUSOL® body sun spray SPF 30,** contains *Plusolina*. The Plusolina complex, a combination of rice bran oil, karanja oil, cottonseed oil and vitamin, has shown an effective preventative and protective effect against the damage caused by sun exposure.

Active ingredients:

- **Rice Bran Oil:** contains gamma oryzanol which helps to protect the skin from UVA rays. Soothing, hydrating, smoothing and perfectly balanced with oleic, linoleic and palmitic acid. Particularly recommended for safe tanning and the prevention of premature skin aging.
 - **Karanja Oil:** extracted from *Pongamia glabra* seeds, rich in pongamol and karanjin, two flavonoids that absorb UVA and UVB rays. Supports the solar filter system (Natural SPF Booster), helping to prevent skin damage.
 - **Cottonseed Oil:** rich in essential fatty acids such as linoleic acid, ideal for strengthening the cutaneous barrier as well as nourishing and reinvigorating the skin. Soothing, hydrating and smoothing: keeps skin soft and firm, preventing premature wrinkles.
 - **Vitamin E:** powerful antioxidant that tackles the formation of free radicals due to UV rays. Helps to maintain the skin's wellbeing by delaying the appearance of erythema.
 - **Unicellular marine microalgae (genere Isochrysis):** encourages the natural skin pigmentation process and prolongs the tan.
- 3. Product name:** PLUSOL® Body Sun Spray
 - 4. Ingredients:** ALCOHOL DENAT., SORBETH-2/OLEATE/DIMER DILINOLEATE CROSSPOLYMER, OCTOCRYLENE, ETHYLHEXYL SALICYLATE, OCTYLDODECYL CITRATE CROSSPOLYMER, CAPRYLIC/CAPRIC GLYCERIDES, OCTYLDODECANOL, BUTYL METHOXYDIBENZOYLMETHANE, PARFUM, ORYZA SATIVA BRAN OIL, PONGAMIA GLABRA SEED OIL, GOSSYPIUM HERBACEUM SEED OIL, ISOCHRYSIS GALBANA EXTRACT, TOCOPHERYL ACETATE
 - 5. Cosmetic form:** lotion
 - 6. Capacity:** bag on valve spray 150ml
 - 7. How to use:** apply before exposure to the sun and avoid prolonged exposure. For fast and even application, spray liberally and frequently directly onto the skin from a distance of approximately 10 cm. A reduced application decreases the protection level. Allow to dry and form a protective film without rubbing in. Dries immediately. Do not spray onto the face or eyes and do not inhale directly. Do not use on broken skin. For optimum sun protection, apply regularly, especially after swimming or towel drying.
 - 8. Warnings:** avoid exposure during the middle of the day which may pose a health risk. Do not expose infants and children to direct sunlight. Extremely flammable. No smoking. Do not spray on naked flame or any other ignition source. Do not pierce or burn, even after use. PLUSOL® has been dermatologically tested on sensitive skin. Use not recommended in case of allergy to any of the components.
 - 9. PaO (period after opening):** 12 months
 - 10. Storage:** the product should be stored at normal ambient conditions (in a dry place and at room temperature) and protected from light. Pressurised container: may explode if heated. Keep out of the reach of children. Keep away from heat, heated surfaces, sparks, flames and any other source of heat. Keep out of sunlight. Do not expose to temperatures above 50°C/122°F.
 - 11. Business name and address:** SKINIUS s.r.l. Via Durini, 14 – 20122 MILANO
