ALUSAC[®] Cleanser with Alusil

1. Indications: indicated for impure, combination, oily and acne-prone skin, both face and body, of all ages. Formulated with mild surfactants, it guarantees thorough cleansing with no rebound effect. Rebalancing, mattifying and soothing, it profoundly cleanses the skin.

2. ALUSAC[®] is a line of dermocosmetic products containing Alusil, a synergistic combination of:

- **Silver microsponges** (99.9% pure) of natural origin with long-term antimicrobial properties. The innovative sponge-like structure adheres to the skin and releases large quantities of silver ions which significantly reduce the formation of acne.
- **Alukina** is a patented complex with astringent properties that reduces sebaceous secretion and encourages cellular turnover.

It is composed of:

- **Potassium alum:** of volcanic origin, normalizing action, antiseptic properties.
- **Glycyrrhetic acid:** derived from liquorice, helps normalize the microcirculation to encourage the physiological reduction of dilated capillaries that cause skin redness.
- **Vitamin a (Retinyl palmitate):** antioxidant action, encourages cellular renewal by helping with the elimination of dead cells.
- **Vitamin B5,** better known as PANTHENOL, has antioxidant effects and soothing and hydrating properties for the skin.
